FORT BENNING – A wildfire in the impact area on main post continues to burn.

The fire has been contained but it will continue to burn until adequate rainfall extinguishes it or it burns itself out.

Winds are predicted to blow from the north during the day, but variable winds are predicted during the night, which may cause smoke to drift on to the main post cantonment area.

No injuries or structural damage have been reported and at present the fire poses no threat to structures or personnel.

For more information, call the Public Affairs Office at (706) 545-2238. After duty hours and on weekends, call (706) 545-2218.
